

Rep. Joe Knollenberg and JMAA Commissioner Dr. Sylvia Stewart at the 2006 ACI-NA Commissioners' Leadership Reception

March 20, ACI-NA honored House Transportation Appropriations Subcommittee Chairman Rep. Joe Knollenberg (R-Mich.) with the 2006 Commissioners Congressional Leadership Award for his ongoing support of the aviation industry. The presentation was made at the 2006 ACI-NA Commissioners' Leadership Reception.

Rep. Knollenberg is a great friend to the industry," said ACI-NA President Greg Principato. "He has consistently supported federal investment in our nation's transportation infrastructure and we look to him as an ally in this year's fight to ensure adequate investment in aviation capacity."

ACI-NA's annual Congressional Leadership Reception supports the ACI-NA Commissioners Scholarship Fund, established in 1993 by the ACI-NA Commissioners Committee to support students of high academic standards who are working toward a career in airport management or airport administration. The Reception is held in conjunction with the Airport Legislative Alliance (ALA) Spring Washington Conference.
