JMAA Launches New Website

WWW.JMAA.COM

The Jackson Municipal Airport Authority (JMAA) launched our newly formatted website today! The new website provides information on JMAA and our two airports, Jackson-Evers International Airport (JEIA) and Hawkins Field Airport (HKS), in an easy to navigate format. Visitors to the site can get information on commercial as well as general aviation operations, driving directions to the two airports, services offered by our business partners and tenants. Two new features JMAA is particularly pleased to offer are a virtual visit to our art gallery “Images of Mississippi” where we feature work from Mississippi photographers, and the Medgar Wiley Evers’ Legacy, a key feature of the Evers Pavilion at JEIA.

Dirk Vanderleest, chief executive officer stated “We are very pleased to be able to offer our new user friendly format to our customers and we hope that it will provide the Welcome to Mississippi that visitors from around the country and the world have come to expect from the Hospitality State.”

Visit the web site at JMAA.COM for all the features we offer on line, then Contact JMAA and tell us what you think!
